Qualitative

Is there any additional feedback you would like to provide about the instructor (e.g., teaching style, time management, accessibility)? -

- Very good instructor, he was always willing to listen to me and we had spirited discussions which made me feel more involved overall.
- Good class!
- My only complaint is that I wish there were more open discussions during classes, but the lack of open discussion is definitely not Gio's fault, it's just that most of the students don't contribute. Also, there's a lot of material to cover, so that doesn't lend much time to discussion either.
- He is kind of hard to talk to, but overall a great professor.
- Nope.
- Perhaps encourage people to speak more, rather than the same 2-3 students. Sometimes cold-calling on people is what's needed to get people feeling more comfortable.
- N/A
- Class was good. Powerpoints were fast but were posted online so that was okay.

Is there any additional feedback you would like to provide about the course (e.g., workload, content, technology)? -

- Workload was good. Everything was pretty solid.
- N/A
- The readings felt randomly chosen and didn't seem to help me.
- Nope.
- This class is not easy, there is a lot of work and a lot of readings.
- Nope, the assignments and course load are all very appropriate and do a great job of supplementing the material.
- Not really; I like Dr. Pleites-Hernandez!
- Decent workload, not overwhelming,
